

Frazer School Student Code of Conduct

The Frazer School Code of Conduct reinforces the values embodied in our school mission. As a school that has high academic standards, we also hold ourselves to high behavioral standards.

The Frazer School Code of Conduct promotes an environment of mutual trust and respect for our administrators, teachers, students, and community alike. We expect our students to uphold the principles of teamwork while committing themselves to the pursuit of knowledge. This includes being fully present and setting a positive example in the larger community beyond our walls. This belief is based on the notion that every student in our school is a responsible individual with an inherent desire to be their best. This responsibility includes a student's duty to oneself and others to uphold our values, even in the face of adversity - a sign of true leadership and competitive spirit.

Those students who do not represent these values in the classroom, on field trips, during transportation, at competitions, or in other settings in which students represent the reputation of our school, may face disciplinary actions up to and including expulsion.
